WHITE VEG - 白栲胶

ADVANTAGES OF USING WHITE VEG 性能优点

→ WHITE VEG is a Natural vegetable based white tanning agent, highly recommended for light, pastel and bright colours leather. 是一种基于天然植物的白色鞣剂，非常建议用于浅色，淡色和鲜亮颜色的皮革。

→ WHITE VEG is very fine powder and will penetrate easily into the loose portion of the leather as a result good filling can be achieved.

产品是非常细腻的粉末，很容易渗透到皮革的松散部位，因此可以达到非常好的填充效果。

→ WHITE VEG is Eco friendly products suitable for all types of leather, it gives flat and smooth grain, so it also can be used for soft upper type of articles.

适用于各种类型皮革的环保型产品，能使皮革粒面平整光滑，所以也可用于生产软质皮革。

→ WHITE VEG give excellent print retention and grain crack resistance.

优异的印花保持性和抗裂面性能。

→ WHITE VEG can be used for making chrome free leather in tanning bath and also retanning bath.

可用于无铬皮革的鞣制和复鞣。

→ WHITE VEG gives fine nap in suede and nubuck leathers 给绒面革和磨砂革带来细腻的绒头。

→ WHITE VEG has excellent non yellowing character. 优异的耐黄变性能。
